

How To Tie Your Belt

1	Hold your belt in front of you with both ends A and B even
2	Wrap both ends of your belt around you one at a time, keeping both side even. Side B is under Side A
3	Tuck side A under side B and C and pull up. Pull on both ends to tighten the belt.
4	Bring Side A down and point it to your right.
5	Side B comes up over A then tucks through A. Pull Both ends to tighten Knot
6	When finished both ends of the belt should be even. If not try again!!
